DATA ON LAW ENFORCEMENT 2019-20

The past several years, we have had limited officers able or willing to work on our school sites as resource officers due to the declining numbers of officers within the San Jose Police Department (SJPd) from the 2008 Great Recession. Most of our sites have officers either one or two days. Some do not have officer and must call 911 if appropriate. Based on the data from the previous school year, the numbers do not justify the need to have regular officers on campus to provide the needed approach to safety. Below is the data from the 2019-20 school year.

- 31 citations and 5 arrests
- 4 of the arrests are included in the citation count
- All arrests were for incidents on campus and all, but one citation, was for events on campus. The one citation was for an incident that occurred on the way home from school.
- One citation that was on campus was an event where SJPd came on campus to get a student because of 2 felony charges
- 1 incident involved 14 students of which 5 were cited and 3 were cited and arrested
- 1 incident involved 3 citations
- 2 other incidents involved 2 students where each were cited
